Diagram Conventions

Yellow Tables	are the two main metadata tables – ISO_DATAIDENT describing the data, ISO_METADATA describing the metadata
Blue Tables	are tables that contain mandatory information in the ISO 19115:2003 core. Mandatory fields are **emboldened** to indicate that they are compulsory.
Green Tables	are tables that contain non-mandatory information in the ISO 19115:2003 core.
Grey Tables	are dictionaries for the core
Red Tables	are tables (both ISO and non_ISO) for the BGS implementation
?Turquoise? Tables	are dictionaries for the BGS implementation
Fields marked * (Core only diagram) or **emboldened**	are compulsory fields
